DETAILED ACTION

Election/Restrictions

In the Response to Restriction Requirement dated August 15, 2005, Applicant has elected without traverse the invention of Group I, containing Claims 1-17 drawn to a semiconductor memory device, and Claims 18-22 are canceled without prejudice. Accordingly, Claims 1-17 are currently pending in the application.

Allowable Subject Matter

Claims 1-17 are allowed.

The following is an examiner's statement of reason for allowance:

Claims 1-9 are allowable over the prior art of record because the prior art of record does not teach or render obvious a semiconductor memory device comprising an array of memory cells arranged in rows and columns, wherein said array of memory cells comprises an area proximate to a lower portion of non-adjacent said STI regions implanted with n-type dopants for enhancing conductivity of said Vss lines, and in combination with all other features as recited in independent claim 1.

Claims 10-17 are allowable over the prior art of record because the prior art of record does not teach or render obvious a non-volatile semiconductor memory device comprising an array of memory cells arranged in rows and columns, wherein said array of memory cells comprises an area proximate to a lower portion of non-adjacent said STI regions implanted with

n-type dopants for enhancing conductivity of said Vss lines, and in combination with all other features as recited in independent claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
